

## INFORMATION FOR CANDIDATES

### TEACHER OF COMPUTER SCIENCE (full time)

For September 2026

*This pack includes general information, a job description, a person specification, and an outline of the application process.*

#### **The College**

Blanchelande College in Guernsey, Channel Islands, is a Catholic, fully co-educational independent College offering a seamless education from nursery to sixth form. Nestled on a picturesque 40-acre rural estate, the college provides an exceptional all-round education that fosters academic excellence, personal growth, and strong character. Rooted in Catholic values but open to all, our inclusive community inspires pupils to achieve their best while building confidence, integrity, and a commitment to service.

Since 2016, the college has experienced rapid growth, marked by the opening of a sixth form in 2020 and a nursery in 2021. It now educates 478 pupils. Year groups follow a one-form structure from Pre-College and Reception to Year 3, expanding to two forms in Years 4, 5, and 6, and three forms in the senior College (Years 7–11). Class sizes are typically around twenty, while Sixth Form cohorts are smaller, allowing for seminar-style A-Level teaching.

Although not academically selective, new pupils must pass an entrance assessment to ensure they can access our mainstream curriculum. Many of those admitted benefit from our superb learning support department, which nurtures students with minor to moderate additional learning needs.

GCSE results reflect excellent value-added across subject areas, with pass rates and the number of grades 7–9 well above island and English national averages.

Blanchelande's holistic approach nurtures the whole child, combining academic excellence with personal development and a deep connection to the natural world. The college's rural estate provides an inspiring setting for sport and outdoor learning, with facilities such as a nature trail, eco hut, and outdoor learning area fostering curiosity, well-being, and environmental awareness. Character formation is embedded through the Blanchelande Diploma and Hero's Journey, which develop leadership, resilience, and a sense of purpose. Inquiry-based learning enhances holistic development, with cross-curricular research projects fostering independence, curiosity, and a lifelong pursuit of knowledge.

The college also offers an extensive programme of extra-curricular activities before, during, and after the College day, with all academic staff expected to contribute at least one weekly session throughout the year.

## **ISI**

The most recent ISI inspection in April 2025 graded the College as meeting all the BSO standards. The College is also subject to inspection by the Roman Catholic Diocese of Portsmouth.

## **History**

Blanchelande was re-founded in 1992 by parents and members of the local community after the Sisters of Mercy withdrew their Order from Guernsey. The new College began in temporary accommodation and in its first five years grew from 40 pupils to almost 200. It has now more than doubled in size from its inception and in recent years, following the introduction of co-education, is experiencing a sustained period of strong growth.

In April 1999, the College moved to its current address at Les Vauxbelets (former site of the De La Salle boys' College) after an extensive refurbishment programme. Les Vauxbelets is a beautiful estate in a rural setting with large historical buildings. In November 2022, Blanchelande College Trust purchased Les Vauxbelets Estate from the De La Salle Brothers, which puts the College in a strong position for planning improvements and extensions to the buildings, as well as creating opportunities for imaginative use of the surrounding land to develop outdoor learning centres and other facilities.

Since 2017, a substantial number of upgrades have been made to facilities, including: the relocation of the Infant department to renovated classrooms in the main College buildings; the

conversion of Victor House (formerly the Infant College) into an Arts Centre for music, drama and art; new Science laboratories; a new cricket pitch and resurfaced netball/ tennis courts; a new classroom block; a new Senior College library; new Sixth Form facilities, including a common room and seminar rooms; the conversion of The Pink Cottage into two Modern Language classrooms, and a new Design & Technology Studio and photography darkroom. Improvement in facilities is very much ongoing as the College continues to develop.

## **Governance**

Blanchelande is administered as a charitable trust and three trustees oversee the finances of the College. As a grant-maintained college, Blanchelande receives a degree of funding from the States of Guernsey.

The Board of Governors meets twice a term and is responsible for working with the principal in setting the strategic direction for the College, including approval of College policies, and for monitoring and evaluating the performance of the College. The Board operates sub-committees – such as for educational issues, ICT and property management – which also meet regularly.

The Trustees are responsible for the administration of the whole College site, including the financial administration of the College.

### **Management and Leadership**

The Senior Leadership consists of the Principal, Vice Principal, Bursar, Director of Studies and Director of Academic Staff who collectively are responsible for all strategic elements of the College.

This Senior Leadership team (SLT) is supported by the Senior Management Team (SMT) who comprises the Pastoral Manager (who is also the Designated Safeguarding Lead and Head of Careers); Heads of Phase (Head of Infants, Head of Juniors, Head of Lower Seniors, Head of Upper Seniors and Head of Sixth Form). The SMT meets weekly to collaborate on all operational aspects of College life.

### **Teacher of Computer Science**

We are seeking a dedicated and inspirational Teacher of Computer Science to lead our students from Years 7–13. This is an exciting opportunity for an enthusiastic classroom practitioner to deliver high-quality Computer Science lessons, nurture curiosity and creativity, and help students develop the computational thinking and digital literacy skills they need to thrive.

### **The Computer Science Department**

Blanchelande College is committed to equipping pupils with essential computing and digital literacy skills from an early age. All pupils study Computer Science from Juniors through Key Stage 3, ensuring a strong foundation in coding, problem-solving, and digital creativity. In Lower Seniors (KS3), students build confidence in programming through Python, Scratch, SketchUp, HTML, and

web development, preparing them for further study.

At GCSE, growing interest has led to the largest cohort in recent years, with numbers continuing to rise. Strong Value-Added scores (+1.44 in Computer Science GCSE 2024) highlight pupils' significant progress. The subject has also successfully expanded into Sixth Form, with a healthy A-Level cohort expected in 2025/6.

The postholder would be expected to deliver lessons from Lower Seniors (KS3) through to A-Level (KS5).

For the right candidate, there is the possibility of combining this role with that of Subject Lead for Computer Science.

If you are passionate about shaping the future of our students, we invite you to join us in this exciting role.

## THE APPLICATION PROCESS
