Nursery Operation Encompass Policy

At Blanchelande, the safety and wellbeing of our pupils always come first. We know that children who see or experience domestic abuse can feel worried, upset, or find it hard to concentrate in school.

Operation Encompass is a partnership between Bailiwick of Guernsey Police and schools. If the police are called to a domestic abuse incident and a child is involved or lives in the home, the school's Designated Safeguarding Lead (DSL) will be told before the next school day.

This means we can support the child quickly and with care.

What We Do

- The DSL receives the information and keeps it private.
- The DSL decides what support is needed and may share information with staff who need to know.
- Staff give the child a safe, supportive environment.
- We offer time to talk, extra care, or space if the child needs it.

Keeping Information Safe

- Information is confidential and stored securely.
- Only those who need to know will be told.

Our Commitment

Blanchelande will always make sure that any child affected by domestic abuse is given understanding, kindness, and the right support so they can feel safe and ready to learn.
